EDUCATION

B-Tech in Computer Science and Engineering

Parul University (PIT) | 7.67 CGPA (to 6th sem)

07/2021 - Present

Vadodara, Gujarat

Diploma(4 years)

MSME Indo Danish Tool Room | 74%

07/2017 - 06/2021

Jamshedpur, Jharkhand

X (Matriculation)

Rajendra Vidyalaya | 78.6%

06/2016 - 06/2017

Jamshedpur, Jharkhand

PROJECTS

PU Cabz (12/2022 - Present)

- Developing a ride service app for Parul University using Java & XML.
- Features Implemented such as sign-up/login, ride booking, and real-time location tracking for both riders and drivers.
- Integrated Firebase for efficient back-end operations and Google Maps integration for a seamless user experience.

Weather Forecasting Application using Android Studio (11/2022 - 12/2022)

- Developed a real-time GPS weather app with accurate temperature, weather conditions, and hourly forecasts.
- Utilized Volley for efficient JSON parsing and weatherapi.com as the data source.
- Implemented both GPS & manual search features to enhance user convenience.

To-Do list Android Application (08/2022 - 11/2022)

- Developed a To-do list Android application using Java, XML, and SQLite database.
- Implemented features for creating, editing, and deleting tasks on the go.

Quiz Web Application (03/2022 - 06/2022)

- Developed a dynamic and visually appealing online quiz web app. using HTML5, CSS3, Bootstrap, and JavaScript.
- Designed 5-10 engaging questions, incorporating various formats such as multiple-choice and true/false.

CERTIFICATES

Java Certification from Coding Ninjas
(11/2021 - 01/2022)

Data Structures in Java from Coding Ninjas
(01/2022 - 04/2022)

I have received a Top Performer Certificate in DSA from Coding Ninjas. It showcases my ability to analyze, design & solve complex problems.

HTML, CSS, Bootstrap certificate from Google Developer Group (06/2022 - 07/2022)

Disney+Hotstar Clone using HTML, CSS and Bootstrap.

Data Science certificate from Coding Ninjas
(01/2023 - 01/2023)

Completed a rigorous Data Science Boot Camp at Coding Ninjas earning a certificate that demonstrates my proficiency in this growing and in demand area

Android App Development from Internshala
(03/2023 - 05/2023)

Completed Android app development training in Kotlin from Internshala, gaining expertise in building robust and user-friendly Android applications.
